NO. 17.

WILLIAM GATEWOOD LACKEY.

The following is clipped from The Financier, New York City. Mr. Lackey is an old Stanford boy, a son of Hon. G. A. Lackey, now of Crab Orchard.

William Gatewood Lackey, bond officer of the Mississippi Valley Trust Co., was elected to that position about two years ago, after a service of five years as assistant trust officer of the same institution. His legal experience and qualifications led to his election to the latter post, in which there was much technical work in connection with the handling of trust estates, drafting corporate mortgages and acting as trustee thereunder. In the various phases of the business of the trust department of the company, Mr. Lackey was brought into intimate touch with the theoretical as well as the practical side of investment securities and their necessary safeguards; besides gaining a comprehensive knowledge of corporate management and enterprise. He was not long in this position before the business, or practical side of his nature began to assert a predominance over the purely legal.

The investment feature of the business especially appealed to him and he was instrumental in securing many large investment accounts for the trust company. His consultation with the executive committee of the company in connection with these matters exhibited to them a broad comprehension of the subject and led naturally, to his subsequent advancement to the management of the bond department. His physical alertness and a personal magnetism especially adapt him for contact with the public. During his two years' service as bond officer, the Mississippi Valley Trust Co.'s bond department has done an aggregate business in excess of \$48,000,000.

Mr. Lackey is of the analytic type of mind, readily reducing investment propositions to their fundamentals, and, equipped as he is with a practical knowledge of the law, a wide experience with corporate affairs and a close familiarity with market conditions, is peculiarly qualified for the position he honors. He has been a close student of trust company matters in general and has acquired a thorough knowledge of the branches of trust company affairs. He was at one time vice president for Missouri of the Trust Company Section of the American Bankers Association.

With a view of throwing light on his own standard of requirements for the successful trust company official, the following quotation from a recent magazine article by Mr. Lackey on "Trust Company Fees and Profits," may not be out of place:

"Generally speaking, the amount of time consumed in transacting the details of trust company business is of little consequence. Merely clerical work is cheap, so we must look elsewhere for the true measure of value. These services, being in their nature professional, require in their performance mental training and talent of the highest order. To render them properly one must have around him, to be sure, an adequate corps of competent clerks and assistants, but he must also be possessed of a sound common sense, must have had a wide experience, must have given close application to the needs of the business, and must possess much of that inestimable quality of success called tact, for his dealings are with business men and women, who are not only shrewd, but touchy. The combination of these qualities is rare and in just such proportion is valuable both to the possessor of them and to those who come to him for advice or aid."

Mr. Lackey was born near Stanford, Ky., in 1872, and after graduation from the Central University of Kentucky taught school for several years at Elizabethtown in one of the subsidiary institutions of his alma mater. While teaching there he read law privately under the leading lawyer of that city. After admission to the bar of his home State he removed to St. Louis, about 10 years ago where he engaged in the general practice of the law until 1900, when his connection with the trust company began. During his practice at the bar he was for a time assistant general attorney for the M. K. & T. R. R. Co., in Indian Territory. He resigned this position to return to St. Louis to accept a preferred partnership with one of the city's leading lawyers, in whose office he formerly had desk-room.

Mr. Lackey is married and has two children. He belongs to several of the leading clubs and is active in church affairs. Golf is his favorite recreation.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. G. L. Penny.

CHURCH MATTERS.

Dr. Donald McDonald, of Danville, will preach at Walnut Flat at 11 A. M. Sunday next.

The above is a fair picture of Rev. R. H. Crossfield, of Owensboro, who is to be the evangelist in the meeting that is to begin next Sunday at the Christian church.

All the singers of the Stanford churches are invited to meet with the choir at the Christian church to-night, Tuesday, at 7:30. Mr. Daniels, of Hustonville, who is to lead the chorus in the revival, wishes to meet the singers and organize the chorus.

L. M. OMER.

Cleveland was seventy years old April 1, and is the only living ex-president. It is interesting to note that of the twenty-five men who have served as President of the United States, eight of the first twelve who filled the office lived to be seventy years of age or older, while of the thirteen who followed in the office of Chief Executive of the Nation, there were but four who lived to the age of seventy—Presidents Fillmore, Buchanan, Hayes and Cleveland. Of the first twelve Presidents John Adams lived to the age of ninety, James Madison died at the age of eighty-five, Thomas Jefferson at eighty-three, John Quincy Adams at eighty and Martin Van Buren and Andrew Jackson at the age of eighty. James Buchanan, the oldest, died at the age of seventy-seven. Millard Fillmore was seventy-four at the time of his death and Rutherford B. Hayes passed away soon after he had reached his seventieth birthday.

EUREKA!

Yes I Have Found It at Last.

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. Ongley, Rootville, Pa. For sale by all druggists.

A reporter asked Senator Tillman, rather maliciously, what he thought of a certain opponent's speech.

"My boy," said the Senator, "it was like a fine bottle of champagne."

"Yes!" murmured the reporter, rather taken aback.

"Yes," said Senator Tillman. "Lots of froth, and very dry."

There has never been a case of typhoid fever or appendicitis known to develop where White's Diamond Brand Crab Orchard Water has been used constantly, because it keeps the whole system in perfect order. Do not be imposed upon. There are imitation Crab Orchard Salts and Water on the market; ask your druggist for White's genuine Diamond Brand.

Dr. H. W. Wiley makes the very important announcement in connection with his official health statistics that we are now using 29 per cent. more salt than we were twenty-five years ago. He also says that we are having 30 per cent. more kidney diseases "recently."

Mike—I say, Pat, they tell me Rockefeller's money is tainted. What do they mane be that?

Pat—They mane, Mike, that it taint for you and it taint for me.

William Spaugh, Jr., of Missouri, wants a new trial because the sheriff told the jurors who tried him that if they would convict him he would give each of them a front seat at the hanging.

A Mi-o-na stomach tablet taken before meals will prevent any distress or uncomfortable feelings. Fifty cts. a box at G. L. Penny's.

At Kokomo, Ind., David Martin, was killed by a freight train, and Mabel Martin, a granddaughter, met death under a traction car. The girl's father, John Martin, an engineer, saw her killed while he sat in the cab of a locomotive on a side track near the accident.

A check for \$1,000 was received in Richmond, Va., from Andrew Carnegie for the Home of the Needy Confederate Women. No conditions are attached to the gift, which came in a personal letter to Miss Mary Curtis Lee, who is at the head of the Home Board of Managers, and who met Mr. Carnegie in Florida last season.

The theatrical war between the Shuberts and Klaw & Erlanger was ended by the formation of the United States Amusement Company, incorporated by the two interests, with a capital of \$1,000,000. The new company, which will conduct and control a vaudeville circuit, takes over the independent theaters, controlled by the Shuberts, in a number of cities, including Louisville, and in return secures several of the so-called trust theaters.

An Insidious Danger.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. G. L. Penny.

February, 1866, had no full moon. This phenomenon will not occur again for 2,500,000 years.

The jury which has been trying Billy Britton, on a charge of complicity in the murder of James Cockrill, was unable to agree at Lexington, and was finally discharged. It stood eight for acquittal and four for conviction, and was never close to agreement, all the jurors maintaining the same opinion from the time they first took the case.

Cured of Rheumatism.

Mr. Wm. Henry, of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by all druggists.

The Government made a gift of \$250,000 to the Jamestown Exposition Company outright, and has expended large sums in other ways to favor the enterprise. It also devoted \$100,000 to the Government building which Congress appropriated a million and a half to the exposition. The \$150,000 has been spent by the Government for buildings, exclusive of the \$100,000 devoted exclusively to the Negro building. There was also a subscription of \$400,000 for the construction of two piers, which the nature of the shore made necessary.

THE Cincinnati Enquirer's Louisville Bureau very aptly says that Democrats everywhere in the State feel that the Governor is now just as much the nominee of the party for Senator as he would be had he been the choice of a caucus. If anything, his commission of nomination means more and carries more honor with it for the reason that he was selected by a majority of the votes of the Democratic voters throughout the entire State. The prediction that some Democrats would not consider themselves bound by the result of the primary finds no sympathy among regular Democrats and is not being verified by conditions. In fact every one of the 12 men who have so far been nominated for the Legislature by the Democrats is unqualifiedly for Gov. Beckham, as every one will be. A nomination made by a majority of over 11,000 could not be ignored, if there was any inclination to do so. Gov. Beckham is as sure as his calling has been emphatic.

It will shortly be determined whether the Kentucky troops are to have their State encampment at the Jamestown, Va., Exposition this summer. Adj. Gen. Lawrence, of the State Department, has taken up the matter of transportation with the several railroad companies, and if a sufficiently low rate is secured to make it possible for the annual encampment, it will be done. We hope the boy will be given the outing.

CLARENCE E. WOODS, mayor of Richmond, has issued a call for a convention of the friends of law and order throughout Kentucky to meet in Louisville the middle of next month. The main object of the convention is to devise plans for the strict enforcement of the local option law throughout the State. The call is signed by numerous ministers of Richmond and other citizens of that city. The date of the convention is May 13 and 14.

THE Somerset Times is still grumbling because we credited an article from that paper to the Somerset Journal. Editors May and Williams need a cathartic to get their livers in order and we suggest that they try calomel, in broken doses, straightforth and immediately.

"SCHEMERS become statesmen when voters go blind," some smart man has said. Sadly true is it the case in this day and time.

POLITICAL.

The Ohio, Maryland and Connecticut State buildings on the Jamestown exposition grounds were formally opened Saturday.

Vice President Fairbanks delivered two speeches in Iowa Saturday, but made no reference whatever to national political issues.

J. W. Stump, of Harrison county, and W. B. Brewer, of Todd county, were declared the Democratic nominees for the Legislature in their respective counties.

From the gossip around the Capitol at Washington it seems certain that the newly adopted Constitution for Oklahoma will be turned down by the Republicans in Congress.

Congressman Theodore E. Burton, of Ohio, in an address at Trenton, N. J., eulogized the administration of President Roosevelt and declared himself for Secretary Taft for president in 1908.

Senator La Follette, of Wisconsin, expressed the belief in San Francisco that President Roosevelt would be renominated by acclamation at the next National Republican Convention.

Col. William E. Youngblood, of Alabama, in an interview declared that Southern republicans are far from being a unit for Taft and may not support the presidential choice at the national convention.

Secretary Taft spoke at Dayton, O., at the laying of the corner-stone of the Y. M. C. A. building and also laid the corner-stone himself, using a trowel with the skill of a master mason.

Political interest this week centers in the possibility of a definite announcement of his candidacy for the Republican nomination for President on the part of Secretary of War William H. Taft.

It is said in Washington that the tariff revisionists will make a determined effort to capture second place on the presidential ticket, and Governors Cummins and Guild are mentioned in this connection.

Secretary Taft visited Cincinnati Saturday and though he made a speech, studiously avoided all political subjects. He spoke to a number of Yale men and his remarks were confined to his alma mater.

Harry S. New, chairman of the Republican National Committee, says that four cities are already in the field for the honor of holding the next National Convention, namely: Chicago, St. Louis, Kansas City and Seattle.

MATRIMONIAL.

J. W. Rice and Miss Bertha Belden were married by Rev. Owens Saturday.

Miss May Will Davenport, of Mercer, and William H. Coke, of Louisville, were married Sunday.

John Dye and Miss Nannie Mitchell, both of the Pleasant Point section, were married Sunday.

Thomas Lee Terry, aged 17, and Miss Malvora Hoskins, sweet 16, were made one at Supt. Garland Singleton's by that gentleman Sunday.

Ex-Gov. Garvin, of Rhode Island, is to marry Miss Sarah Emma Tomlinson, who has been blind since she was seven. He is just twice as old as his prospective bride.

Mr. and Mrs. William Beck announce the engagement of their daughter, Miss Winifred Annette Beck, to Dr. Justin Guy Ballou, of Toledo, O. The marriage will be solemnized the latter part of May in the First Presbyterian church in Knoxville.

Our old friend, Lorenzo G. Hubble, of the Hubble section, certainly surprised his many friends when he took unto himself a wife last week, for it was generally conceded that he was a bachelor far past redemption. His bride, who was a Miss Anderson, is said to be a most excellent lady and very pretty. "Rentz" ought to be proud of the catch he has made and we suspect he is about the happiest man in his whole section.

There will be a meeting of the stockholders of the Home Telephone Co. at Hustonville Thursday afternoon at 2 o'clock. Those interested in having better service for the town are requested to be present.

The death of Miss Josie Bosley occurred Friday at the home of her brother-in-law, Mr. S. D. Yowell, after a lingering illness, fraught with excruciating pain which alone could be borne by a true soldier of the cross. She lived a devoted, christian life, eminently worthy to emulate, and for which she has gone to her reward promised by the Master. After an impressive service at the home Sunday at noon by Rev. Clarence Daniels, the remains were laid to rest in the cemetery at Danville in the presence of a large congregation of sorrowing friends and relatives.

The question as to who will rule Zion City built under the direction of the late John Alexander Dowie is expected to come to an issue on Wednesday, as Wilbur Glenn Voliva has issued an ultimatum declaring that unless the people accept him as their head by May 1 he will take radical action to assert his control.

Morgan Denmark was sired by the noted stallion, On Time, whose pedigree traces back to imported Hodgeford. Morgan Denmark's dam (believe you breed). Beau Naboth is a handsome bay, standing 15.5 hands, of great speed, style and action, and of perfect conformation; and as a sire has shown his ability to reproduce his qualities.

Care taken to prevent accidents and escapes, but not responsible should any occur.

GALTON 12910.

Sired by Gambetta Wilkes, 2:19 1/2, with 191 with records from 2:30 to 2:05, 2 in 2:10. 1st dam Daisy Field (granddam of 5 with records from 2:17 to 2:04) by Enfield 2:29, son of Hambletonian 10, dam by Seeley's American Star. Enfield 2:29 has 6 in 2:30, his daughters have 60 in 2:30 or better. 2nd dam Quickstep, by Kentucky Prince, Jr., sire of J. Q. 2:17 1/2, Lemonade 2:27 1/2, and the dams of 15 in the 2:30 list, 3rd dam Old Joe, sire of the dam of J. Q. 2:17 1/2.

Galton carries the blood of four leading families: Hambletonian, Wilkes, Mambriero Chief and Seeley's American Star.

Galton is a dark bay, 15.25 hands, 15.5 in style, action, speed and durability. Only 6 of his colts have been worked a short time for speed. One took a mark of 2:29, one 2:19 1/2, the other 4 went trials from 2:20 to 2:24, 3 of them out of a standard bred mare. His colts have gone against and defeated the best in harness classes and roadster rings, one of his colts having won a \$25 premium at the Hustonville fair over the best. His colts are in great demand and are bringing the highest prices, many of them for \$5,000 and over. Comment is unnecessary as he is so well known, he having made all of his seasons at my place, Galton will stand at my stable 2 miles West of Hustonville on the Bradfordville pike at \$15 To insure a Living Colt. Money due if mare is traded after being bred. Grass after April 15 at \$2.50 per month. Can keep mares with 15 at \$2.50 per month separate from those that have not colts. Phone in residence.

W. M. DODD, Hustonville, Ky.

Kentucky Squirrel 2623,

Vol. VI, registered saddle stallion, will make the season of 1907 at my farm in Rowland, Ky., at \$10 TO INSURE A LIVING COLT. Kentucky Squirrel is a combined stallion, 7-years-old, a beautiful bay, one white foot and star, full 16 hands high, weighs 1,300 pounds, with high style, action, size and finish that entitles him to the attention of breeders.

PROBBER—Sired by Wood Squirrel, 2622, by Black Squirrel, 8. 1st dam Nellie Duderar, reg. No. 3963, by VanMeter's King, 739, son of Silver King, he by Ot Time, 548, by Lexington, F. S. Wood Squirrel's 1st dam was by Gilt Edge, 2nd dam that of Cabell's Eagle Bird by Star Eagle, son of Cabell's Lexington, F. S., 3rd dam by Hamlet Denmark, 27. Star Eagle being the best son of Cabell's Lexington, F. S., 2nd dam, the great show mare, Effie, by VanMeter's Waxy, F. S., by Bertram, half brother to the great Lexington.

NOTE—Kentucky Squirrel, 2623, is probably the best bred saddle stallion in this section of Kentucky. His colts are large and well formed and he impresses his size and high carriage on his get to a remarkable degree. Breeders will do well to look this horse over and note the low service fee before booking their mares elsewhere.

DANDY JIM,

The great jennet jack, black with white points, 6-years-old, 15 1/2 hands high, full brother to Hubble's World's fair winner.

PRINCE WOOD,

Trading mares forfeits insurance; not responsible for accidents; mares grazed at \$2.50 per month.

"Cheaper to Move Than Pay Rent"

is an old saying, but a true one is, "When your clothes get too small you must get larger ones." Our growing trade demands more room and we will move about June 1st to the large room now being built for us in the Myers House Corner. We hoped to get in this new room for the Spring trade, but the bad weather kept the work back. We bought heavily of Spring goods and are crowded for space, consequently we will offer many attractive bargains in order to reduce our stock by moving time June 1st. The cold weather has hindered the selling of Spring goods and we must reduce our stock within the next 45 days. Watch this space for special offerings.

THE Stanford base ball team got walloped 27 to 7 in a game at Lancaster on Saturday afternoon. About the only feature of the very poor game was the home run knocked by Robert Fenzel, Jr., of this office. A return game will be played here Wednesday afternoon, when it is hoped that our boys will redeem themselves.

THE month just about ended will long be remembered as one of the most disagreeable that ever came in the glorious spring time. There were not over two or three good days during its entire existence, and rain, snow, hail and frost were as common almost as in January. It is about to pass away now, and we speed the parting, quite anxious to welcome the merry month of May, which is bound to bring us better conditions.

ROBINSON AMUSEMENT CO.-The Indianapolis News of a recent date has this to say of these great shows: Of all amusement shows of the midway class that has ever visited Indianapolis, the famous Robinson Amusement Co. is the very best and is by far the cleanest and it is the only one which has no feature that would mar the pleasure of witnessing it. There are no vulgar dances nor tough specimens on the grounds, and no loud or unpleasant talking to which ladies might object. In fact we can commend it as one of the most pleasing entertainments ever given. Somerset Lodge of I. O. O. F. has secured the above famous company for their Street Fair, which begins at Somerset the week of May 6.

ON Friday last the local lodge I. O. O. F. celebrated their 88th anniversary in a fitting manner. A short account of the early history of Stanford Lodge was given by Mr. J. A. Allen in a few well chosen remarks. Dr. W. F. Vaughan in a timely, thoughtful and impressive manner gave a most interesting address on the suggestive subject of "Get There." J. W. Ireland gave a splendid talk on the foundation principles and benefactions of the Odd Fellows throughout the union. J. C. McClary made an earnest talk on the value of individual effort to each member. The concluding remarks were appropriately given by Mr. A. C. Sine. The quartet composed of Messrs. Falis, Singleton, McClary and Ireland rendered four selections which were well received. The meeting was pleasant and profitable and calculated to impress one favorably with the work of the I. O. O. F.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by all druggists.

A mother who had invited company to dinner said to her young son: "Freddy, don't say anything about Mr. M.'s nose at the dinner table to-night."

"No'm" replied Freddy.

Just as the dessert was brought in Freddy remarked, in clear, distinct tones: "Ma, what did you tell me not to say anything about Mr. M.'s nose for? He hasn't got any?"

Gentle and Effective.

A well-known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head. Price 25 cents. Samples free at all druggists."

DAVID C. ALLEN, of Hustonville, will make the race for assessor of Lincoln county. He is a prominent dealer in live stock and a brother of Mr. Millard Allen of this city, and a splendid gentleman. NABOTH, JR.

Naboth, Jr., is a rich red bay, 7 years old and full 16 hands high, weighs 1,250 pounds, and is a horse of wonderful beauty, having a long, rangy neck and carrying a fine tail. He is a perfect gaited horse with superb all-round action and like all sons of old Naboth he has great natural speed in harness and a greater racing horse can not be found in the state of Kentucky. I have been a dealer in fancy horses for 10 years, furnishing them for all the markets in this country and I am anxious to encourage the breeders of horses to continue to raise better ones. As is generally known there is a scarcity of good horses, and those suitable for the Eastern market bring fancy prices. If the breeders would raise "Number one" horses they

must take the mares to the right kind of sires. Naboth, Jr., beyond all doubt is a horse that will produce that type of horse that the market demands, and for which the public is willing to pay high prices. I purchased this great young stallion at a fancy price because he has size, style, action, beauty and breeding. I had this horse worked 30 days last September and he stepped a mile in 2:40.

If like begots like you can get the right kind of horses by breeding to Naboth, Jr. You will note that this stallion was the blood of Old Naboth, Hambletonian 10, Old Messenger Chief, Red Wilkes, George Wilkes, Mambino Chief, Pilot, Jr., and Harry Clay.

Pedigree.—By Naboth 1806, 2:19 1/4, he by Walsingham 2:06, sire of Latitude, 2:19 1/4, and several others in the list. Walsingham is

Dignity Dare.

No. 1982, Vol. 5, A. S. H. R.

Mahogany bay, black points, white only on left hind foot, 15 3/4 hands high, weighs 1,300 pounds, strong flat bone, heavy mane and tail, good back, with long, crany, tapering neck, well set in high-mounted shoulders, a saddle horse head and ear on him, a model under leader, always wears blue string in model rings, except twice when shown against his own set, wonderful style in harness, a show horse sure. When one year old wore all honors in his class wherever shown; also the blue tie in sweepstake harness rings at same age. When a 3-year-old he was shown 14 times and wore 13 blue strings; has never been defeated in fancy harness rings; has always been the victor in stallion stock ring, as a breeder, when shown with three or more of his get, for size, style and general conformation and for all purposes. He is a saddle horse with five distinct gait, fast line, acting racker, good in two weeks and a nice looper; very positive in his trot under saddle and in harness, great all around action, as is required for an up-to-date sire of high priced sale horses for saddle or harness. He is a sure enough harness horse, graceful, stylish and fast; can show eights in 1:58, seconds a 2:28 gait, with but little handling; did this last fall one year after serving 91 mares in the spring. He is possessed of wonderful nerve and speed enough to get a trotter for track use or gentlemen's roadsters; large, handsome stylish, heavy and strong enough to get carriage horses with a kindly disposition for all purposes of a family horse. He is the horse to sire parkers, stylish, graceful, substance and docility. If he has been given up by horsemen that he is one of the most uniform breeders in Kentucky. He types his colts after himself; has never sired a sorrel colt. The most profitable horse for the farmer and small breeder to produce is the horse which serves the widest range of purposes well. His colts are show colts; of the very highest type, blue string winners from the oldest to the youngest. 34 of his colts have been offered for and sold for an average of \$150 and the average age of them is 2 years, 7 months and 10 days.

Pedigree.—Sired by Chester Dare 10 N. S. H. R. he by Black Squirrel 8, he by

Black Eagle 74, he by King William 97, he by Danmark 61, he by race horse Denmark, F. S., he by Imp Hedgeford, Dignity's first dam Lizzie, sire of Danmark 61, he by Rysdick's Hambletonian 10, Dignity's second dam is by Abdallah Messenger, 3d dam is by Vermon, 4th dam Thoroughbred, Weichmont's first dam Pauline by Almont Forest 2860.

Terms.—Dignity Dare will make the season of 1907 at my stable in Lancaster, Ky., at \$10 to insure a living colt when foaled, \$25 to prove mare in foal.

Mares traded or removed forfeit insurance and money becomes due and must be paid at time of such transaction. Mares grazed at \$2.50 per month and bilked for feed. No removal of mares, grain fed if desired at reasonable rates. Mares entrusted to me will receive my personal attention but I will not be responsible for accidents or escapes.
